POSTAL REGULATORY  
COMMISSION  
U.S. DEPARTMENT OF JUSTICE

We are deeply concerned about what Postmaster General Louis DeJoy did during the 2020 election and is planning to do to the U.S. Postal Service in the future. In our opinion he has really damaged the Postal Service and **SHOULD BE RELIEVED FROM HIS POST!**

During the 2020 election, he raised alarms with his aggressive strategies that upended the USPS vote by mail election campaign. He slowed delivery, removed high speed letter sorters from commission, and issued stern warnings to election official that mail-in-ballots will **NO LONGER** be moved as priority mail. He also reduced post office operating hours across several states, cut overtime for workers, and removed some of the letter collection boxes, and laid off 43 management officials.

Finally, was **TOTALLY UNQUALIFIED** for this position. His major qualification was that he was a major fundraiser for Donald Trump!!

His "sweeping" 10- year plan for the post office will result in longer delivery service standards. He wants to modify the first-class standards for delivery in one to three days resulting now only 70% of mail will be delivered in that standard, and 10% may no be delivered withing a longer five-day standard. That will hurt the many older citizens depend on the U.S. Postal Service to deliver their medications.

Finally, we understand that DeJoy plans to close some smaller post offices in more rural communities. These are not only a place to get mail but an important to the sense of community. **REMEMBER** the USPS is **A SERVICE**, not meant to be a profit-making company!!

**PLEASE FIRE DEJOY** – for lack of experience, actions during the 2020 election, and future plans to drastically cut a **SERVICE the country NEEDS!**

Sincerely yours,
